5. All document production in response to requests for production of documents served as set for in paragraph 2, above, shall be in rolling productions, agreed to by the parties following Defendant's receipt of Plaintiffs' Master Set of Discovery, but shall be completed by **January 15, 2015**.

6. Depositions of all class representatives shall be completed by **March 15, 2015**.

If Defendant's selected case is dismissed by Plaintiffs after **July 20, 2015**, the case will be dismissed with prejudice unless good cause can be shown that it should not be, the non-dismissing party shall be entitled to select a substitute case within Ten (10) days from when the case is dismissed, and briefing as to that case will be re-set at that time.

9. Plaintiffs shall disclose any expert who will provide testimony or affidavits in support of class certification and provide expert reports for such experts as required by Rule 26 by **July 20, 2015**.

16. After the Court's decision on class certification for the 3 cases, the Court and the Parties will confer and discuss the impact of the Court's ruling(s) on all remaining class action complaints. The Court may ask for briefing on that issue and, if so, will establish a schedule for that briefing.

17. To the extent that the schedule set forth in this order is inconsistent with any case management order entered in this proceeding, the dates in this Order shall govern.

18. Nothing in this Order shall limit either party's ability to bring dispositive motions under Rules 12 and 56 before plaintiffs' motion(s) for class certification are filed, briefed and considered, or for either party to move for a Bellwether trial.
